Photo Session Times

Guys
2:45 - 4:00

Gals
3:45 - 5:15

Dear Parents and Graduates,

I will be available to take individual portraits of the 2018 graduates on the front lawn of the Bronxville High School on Saturday, June 16th. I will also be taking the class photo on the school front steps at 5:30.

The photos below are samples of what I take on Graduation Day. The photos are retouched so all the cars, telephone poles, and visitors in the background are removed. The highest quality portrait is delivered to you.

All male graduates will be photographed in a 3/4 length pose.

This is the 3/4 or close-up pose. If your package comes in a full length, you can order a couple more photos in this length by using the "Add - on" box.

If you have 3/4 photos in your package, you can order full length the same way.

All female graduates will be photographed in a full length pose.

Many families like a close-up and a full length...that way you see the outfit and and the face..

The class photo will look something like this. You can order just a class photo and not pay the session fee.
